BUSINESS

## Our Approach to Insurance

We start with your needs. No two situations are identical, so we will get to know you and find out what you need to protect. We then help to identify how to best protect your family, business, and property. We work with our many insurance companies to find solutions that match your situation and your budget.

## What is an Independent Insurance Agency?

The Moore Agency is an independent insurance agency. We represent a number of the leading insurance companies in the state. We work hard to match our clients with the insurance company that provides the best value, coverage and price. Why that matters to our clients is that The Moore Agency isn't selling a single product, we're selling solutions for their specific, unique situations for your home, business, farm, auto, life and pet insurance needs.
